

# Neem G

NATURAL SOLUTION

## PRODUCT OF PLANT ORIGIN

### Main features:

NEEM 70 are granules containing neem oil, a natural cold-extracted oil, formulated with surfactants to improve dispersion in the soil and preserve its chemical-physical priorities. It can be used in various agronomic contexts.

### Mechanism of action

NEEM 70 contains saline, which makes plants unpalatable to insects and inhibits their appetite.

### COMPOSITION

Neem oil

### C.P. CHARACTERISTICS

Color . . . . . Grey

Solubility . . . . . No soluble

### FORMULATION

Grains

### CLASSIFICATION

No one

### PACKAGING

Bag . . . . . 1 Kg

Sack . . . . . 10 Kg

### APPLICATION

Made in Italy

### INSTRUCTIONS FOR USE

- Localized at sowing: 10 Kg/ha
- Mixed with substrates 100-300 g/m<sup>3</sup>
